COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

In the Notice of Allowability, the Examiner's statement of reasons for allowance states that "the cited prior art fails to teach the applicant's claimed invention as follows: a receiver to receive ...when there is a start condition." (Notice of Allowability, pages 2-3, paragraph 4.)

Applicant notes that the Examiner's statement includes only a receiver or receiving process. Applicant would like to comment that the claimed invention is also directed to a transmitter or a transmitting process as covered in claims 10-11, 21-22, 32-33, and 39-40 in addition to a receiver or a receiving process. Claims 10-11, 21-22, 32-33, and 39-40 are also allowable over the art of record.

Applicants are assuming that the Examiner's statement of reasons for allowance is to be taken in light of the structure and interaction recited in the claims. Applicants note that the Examiner's various comments should not be used to read non-existent limitations into the claims.

Respectfully submitted,

BLAKELY, SOKOLOFF, TAYLOR & ZAFMAN LLP
